

# **Statement of faith**

We are part of the Anglican church of the diocese of St Albans and adhere to their beliefs and ethos, however we specifically declare for Youth:

## **On the Trinity**

We believe in one God who lives eternally in three persons - the Father, the Son and the Holy Spirit.

## **On the Father**

We acknowledge the love, grace and sovereignty of God in creating, sustaining, ruling, judging and redeeming the world.

## **On the Son**

We believe that faith in Jesus' life, teaching, death and resurrection reveals God's limitless love to all humanity in this life and the next.

## **On the Spirit**

We acknowledge the dynamic action of God's Spirit in dispersing divine love throughout the world.

## **On the Church**

We believe that individuals of all ages are part of God's church and equally have their role to play.

## **On the Bible**

We acknowledge that the bible, both Old and New Testament, contain all things necessary for our salvation.

## **On Inclusion**

We believe everyone, regardless of sex, ethnicity, sexual orientation, economic or any other of the many walls that divide us, are equal participants in God's divine plan, and have equal potential to come to know the love of God.

## **On Maturity in Faith**

We believe that anyone has been given the freedom to become whole through knowing Jesus and so reach their full potential in life, finding and becoming the individuals that God made us to be.
